### 1. The journal development

It is necessary to:

- register journal in CABI abstracts
- register journal in FSTA abstracts
- publish articles only in english language from the August 2013
- apply to the evaluation of the journal content in the Web of Science database in 2014

### 2. The extension of the editorial board

It is necessary to:

- extend editorial board members of five members from Western Europe
- extend editorial board members of five members from Northern America

### 3. International cooperation

It is necessary to:

- extend the reviewers members by the cooperation with the journal indexed in Web of Science or Scopus database

### 4. Journal strategy

It is necessary to:

- increase the number of scientific articles from EU member states about 30 % in the period of 2013 – 2014
- increase the number of scientific articles from the other states about 30 % in the period of 2013 – 2014
- increase the number of citations of articles published in Potravinárstvo in Web of Science or Scopus database about 20 % through the marketing activities of the journal in the field of international scientific conferences and seminars organised in the Czech republic, Poland, Austria, Hungary and Slovakia

### 5. Sustainable development

It is necessary to:

- implement CrossCheck iThenticate plagiarism tool
- start professional english language correction of each article
- find a strategic sponsor for the period of 2014 - 2018
- increase the publication fee from 60 EUR to 150 EUR and accumulate the capital for:
  - o implementation of the anti plagiarism software tool
  - o start the reviewer pay for the review creation
